SEN TABLES, BY KANSAKU OSHIRO (2016)

DePadova pioneered the introduction of Northern European design to Italy during the 1950's, drawing inspiration from the great European design classics. Acquired by Boffi in 2015, DePadova specializes in luxury, contemporary furniture design for private and contract projects. This is De Padova's first US design show, debuting their iconic Sen Tables and Yak Armchair at Woven Concepts Booth #225. Piero Lissoni takes the helm as the new creative director of DePadova, available at Boffi Soho.
