

KINO GUÉRIN

New pieces at 2019 AD design show

Booth M806

A true explorer of the wood, Kino Guérin has developed his own molding technique to give Hypnotic curves to a usually unyielding material.

Not only his furniture seems to be in motion, But it seems to be alive! With a mixture of sweet inspiration and surgical precision.

Kino Guérin manages to create timeless pieces - both practical furniture and works of art.

Each creation is positioned in perfect balance between opulence and humility; simply captivating. You will be enchanted by the furniture of the cabinet maker Kino Guérin, the wood tamer.
