"URBAN LANDSCAPES" The Story behind the art ... Location: New York City.

Walking in NYC I often see extraordinary moments that open my heart.

Sometimes overwhelming, sometimes just fascinating. When appropriate, I snap a photo.

Some images resonate and become the beginning of my visual interpretation of the experience.

(Process: images are printed on canvas, paper or metal and painted in acrylic.)

My Urban Landscape Mixed Media Paintings take a layered look at the energy, grit, remarkable beauty and grace of everyday life in New York City.

ARTIST: GAIL GARCIA

Best known today for her "Urban Landscapes". Gail takes a layered look at the energy and grit of everyday moments and creates art with an urban vibe and a rich abstract style. A native New Yorker, studied at SVA and divides her time between NYC & Hudson NY.

The Architectural Digest Design Show is a fantastic NYC event and I am very excited to be part of the MADE GROUP for my fourth season. Look forward to seeing you all there!
